*All families will receive one set of the
ornaments and reflections by attending!

We have created our own take on the Jesse Tree, a common Advent activity that explores 23 stories of the Old Testament that lead up to the birth of our Savior, the 24th story on Christmas Eve! At our event, you will "finish" the ornaments by matching the pictures with the stories and gluing them together as a family. You will be sent home with a daily reflection on each of these stories and all the ornaments to explore as a family each day throughout the Advent Season. By the end of Advent, you will have a beautiful tree that reflects our Christian roots leading up to the birth of Christ! The ornaments are made of 1/4" wood discs and will last you years to come! Start a new family tradition!

****The ornaments are not available for purchase—you must attend the event to receive the ornament set.****

A few more details:

All families are asked to bring a family-sized dinner side dish to share
We will be providing Honeybaked turkey and ham for the main course
